Dear Mr. Thirkill:

The undersigned lawyers represent the same Claimants and Respondents in a second arbitration on other contracts. As part of the panel selection process for this arbitration, the parties have agreed to submit the enclosed questionnaire to the umpire candidates. Please note that this questionnaire is substantially similar to that which you recently filled out for the first arbitration. The only additional information required for this arbitration is in paragraphs 9 and 13, so if your answers to the other questions have not changed, please provide only the information requested in those paragraphs. We request that you return this questionnaire within seven days to the undersigned counsel. However, if you do not wish to be considered further for the position of umpire on this panel, we would appreciate it if you could inform us as soon as possible in order that a substitute nominee may be selected and we may send a questionnaire to him or her.

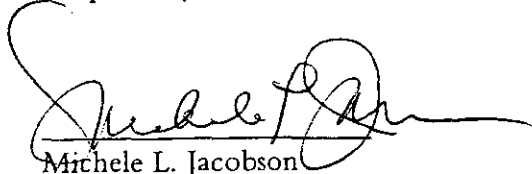

The parties have also agreed that there should be no *ex parte* contact with the umpire candidates regarding this arbitration in connection with this selection process. They have represented to each other that they have had no such contact with any of the candidates they have nominated. If there is a question concerning this questionnaire, we would appreciate it if you could present it to both sides in a joint communication by, for example, e-mail, fax or a telephone conference.

*Dear Counsel,*

*I have been informed by Marty and Theo of my appointment as Umpire in this "second" matter. They advised me it is the other matter between the parties (and the same cast) as was referred to during disclosures at our recent Organizational Meeting. I am, of course, very thankful that you wish me to play the same role in this second matter. I would ask counsel to advise me as to what caption to use for the second matter.*

*As you are aware, we (the panel in the first matter) had planned a telephonic conference call to discuss security on March 28. It seems that we would all be available the whole of that week, other than Monday - and Mr Dielmann will be in the US. Accordingly, and if it is suitable to you all (I recognize the relative short notice) we could hold an Organizational Meeting on any of the 28th through the 31st (the 28th being preferable) and then also have an in person hearing on the security issue. In fact you could both have an opportunity to make oral arguments if you chose.*

*Please get back to me soonest. Perhaps you could confer on that and venue. We would use the same agenda format.*

*As before, we would request that counsel submit Position Statements to us no later than a week before the selected date (by email with hard copy by overnight).*

*Thank you.*

*For the Panel.*

*David A Thirkill*

 17 Just for the record, during the

 19 and the panel signed both the hold  
 20 harmless and a confidentiality

 22 Before we go on to brief  
 23 statements, what we'd like to do is to  
 24 go through this organizational meeting  
 25 and then adjourn that and then stay on

1 Proceedings - 3/28/06  
 2 arbitration, in reality it's really  
 3 three separate programs, NHE, ORS and  
 4 HPP, that are all governed by separate  
 5 reinsurance contracts. Commercial Risk  
 6 has failed to make payments under three  
 7 separate reinsurance agreements which  
 8 covered business written by three  
 9 program managers with three separate  
 10 sets of facts. What's notable, really,  
 11 about Commercial Risk's position  
 12 statement is what it doesn't say.  
 13 Although paying lip service to the  
 14 notion that it's going to satisfy its  
 15 obligations under the reinsurance  
 16 agreements, it hasn't done that.  
 17 Despite the fact that Commercial  
 18 Risk has been in and audited, it does  
 19 not share the audit with the panel or  
 20 with the claimant. What's plain is that  
 21 Commercial Risk really doesn't have a  
 22 position, they only intend to use this  
 23 arbitration proceeding as a means to go  
 24 fish.  
 25 We will show that Commercial Risk,

6

8

1 Proceedings - 3/28/06  
 2 the record for some questions in  
 3 relation to the security issue, and then  
 4 we'll go off that record and the panel  
 5 will meet, and, if necessary, discuss  
 6 security related to both matters since  
 7 from a principle viewpoint we believe  
 8 that the issues are the same.  
 9 That's what we'd like to do if  
 10 that's okay with you.  
 11 MS. JACOBSON: That's fine.  
 12 MR. HIGGINS: That's fine with us.  
 13 THE UMPIRE: Thank you.  
 14 So if we move on, obviously – and  
 15 thank you, the panel would like to thank  
 16 the parties for the position statements  
 17 received, I think they were very clear,  
 18 as were the exhibits. If you'd like to  
 19 add anything to it, you should go ahead.  
 20 MS. JACOBSON: Okay.  
 21 At the outset – I would like to  
 22 thank the panel for hearing this matter.  
 23 At the outset, I want to make  
 24 clear that although we've been referring  
 25 to this arbitration as the non-DIG

1 Proceedings - 3/28/06  
 2 contrary to their position statement,  
 3 was very involved in these three  
 4 programs, and that their underwriter  
 5 participated in joint audits with  
 6 Security of Hartford. Commercial Risk  
 7 was in large measure the risk bearer and  
 8 took that role very seriously. If  
 9 anyone is an ostrich--and I've taken  
 10 that from their position  
 11 statement--that's Commercial Risk now  
 12 and not Commercial Risk at the time.  
 13 These reinsurance agreements were all  
 14 terminated or expired by June 30th of  
 15 '02 and if, in fact, there were  
 16 problems, why does it take so long for  
 17 them to complain?  
 18 We've asked for prehearing  
 19 collateral. I don't know if the panel  
 20 would like me to address that now, but  
 21 as set forth in our papers we are  
 22 seeking security in connection with this  
 23 proceeding.  
 24 THE UMPIRE: Unless my  
 25 co-panelists have another decision, if

9

11

1 Proceedings - 3/28/06  
2 you're talking in a principle sense,  
3 keep going; if you want to get into  
4 details, why don't you leave that to the  
5 post-organizational meeting discussion I  
6 referred to earlier.

7 MS. JACOBSON: Okay. Well, in  
8 essence, our contention is that under  
9 the reinsurance contracts, each  
10 reinsurance contract, there is a  
11 provision for security that is  
12 unconditional, it's not conditioned on  
13 there not being any disputes. So  
14 irrespective of whether or not we are in  
15 an arbitration proceeding, Commercial  
16 Risk is required to post that as a  
17 contractual matter. We are seeking that  
18 security now, we're calling it  
19 prehearing security but, in essence,  
20 it's a contractual right which is  
21 unconditional, and if the panel would  
22 like, I can set aside the numbers  
23 discussion for later on.

24 THE UMPIRE: Please.

25 MS. JACOBSON: Thank you.

10

12

1 Proceedings - 3/28/06

2 THE UMPIRE: Thank you.

3 MR. HIGGINS: We also would like  
4 to thank the panel for attention.

5 We agree there are three separate  
6 contracts, three separate contractual  
7 agreements, but we take serious issue  
8 with an implication that we're fishing  
9 here. We did take a limited audit, and  
10 that limited audit disclosed several  
11 irregularities, to put it mildly, in the  
12 underwriting. And those, although there  
13 isn't a formal report of this  
14 arbitration, we did share the  
15 conclusions in broad terms. As a matter  
16 of fact, a lot of it has to do with  
17 referrals and that sort of thing, and a  
18 statement was made by RSA that those  
19 referral documents and all the issues  
20 relating to the referral question would  
21 be delivered to us last year, and we're  
22 still waiting for them. So to suggest  
23 that we're fishing is, I think, not  
24 correct, and shouldn't be given any  
25 weight by the panel.

1 Proceedings - 3/28/06

2 In terms of the contractual right  
3 to security, I think we can get into the  
4 details of it later. The only statement  
5 we made in support of it at this stage  
6 by Security is--I think there are too  
7 many "securitys" here, but by  
8 Security--is the contractual obligation.  
9 They, in fact, made three arguments; I  
10 don't know whether you want me to deal  
11 with those at this stage as a matter of  
12 principle. I'm happy to if that's the  
13 panel's wish.

14 THE UMPIRE: Go ahead.

15 MR. HIGGINS: To begin with,  
16 they've cited Section 13 -- was it?

17 MS. JACOBSON: 1213.

18 MR. HIGGINS: -- 1213 of the  
19 New York Insurance Law. This has never  
20 been used by an arbitration panel. It  
21 is clear as to why it's never been used  
22 by an arbitration panel because it only  
23 applies to court proceedings. All the  
24 cases cited are court proceedings,  
25 there's no case that's been cited where

13

15

1 Proceedings - 3/28/06  
 2 it's clear that that section is utterly  
 3 irrelevant to this proceeding.  
 4 THE UMPIRE: Hold a second.  
 5 (Discussion off the record)  
 6 THE UMPIRE: I think it would  
 7 probably be efficient if we ask  
 8 questions as we go along, if that's okay  
 9 with the panel.  
 10 MR. HIGGINS: That's fine.  
 11 MR. HABER: Would you mind looking  
 12 at Exhibit B of Security's reply brief,  
 13 please.  
 14 MS. JACOBSON: It's also in our --  
 15 MR. HIGGINS: The new one?  
 16 MR. LEWNER: Yes.  
 17 MR. HABER: The case is American  
 18 Centennial versus Seguros la Republica.  
 19 MR. HIGGINS: That's it.  
 20 And what's the question?  
 21 MR. HABER: Well, I'm looking --  
 22 your position, if I understand it  
 23 correctly, is 1213 does not apply to  
 24 arbitrations.  
 25 MR. HIGGINS: Right.

1 Proceedings - 3/28/06  
 2 wouldn't alter the fact, but the judge  
 3 here ordered the security. It hadn't  
 4 been, it hadn't been -- the order hadn't  
 5 been issued by an arbitration panel so  
 6 we don't have a situation where the  
 7 arbitration panel ordered it under 1213,  
 8 so that -- well, number one, that issue  
 9 would be dicta, but number two --  
 10 MR. HABER: Yeah?  
 11 MR. HIGGINS: -- number two, this  
 12 is an underlying procedure, proceeding,  
 13 this arbitration. And as I said, there  
 14 are cases where you had a confirmation  
 15 proceeding in court and before the court  
 16 would allow a response to the  
 17 confirmation proceeding, the court  
 18 ordered that this security be put up  
 19 under 1213, and there have been cases  
 20 where there's a motion to compel  
 21 arbitration, there's very few cases, but  
 22 motion to compel arbitration where the  
 23 court ordered the security to be put up  
 24 before it would allow the respondent to  
 25 put in a response or an answer,

14

16

1 Proceedings - 3/28/06  
 2 MR. HABER: Second column of the  
 3 first page of that says, and I'm reading  
 4 in the second full paragraph, second to  
 5 the last sentence, "The contention that  
 6 the legislature did not intend 1213 to  
 7 apply to reinsurance must be rejected.  
 8 In addition, the language of the statute  
 9 is clear that it applies broadly to any  
 10 proceeding, including an arbitration  
 11 proceeding. Accordingly, based on our,"  
 12 and then there's another citation to  
 13 1213(c)(1)," "Accordingly, based on our  
 14 review of this issue, we find no error  
 15 in the magistrate judge's recommendation  
 16 and, therefore adopt, that  
 17 recommendation in full."  
 18 Please explain how this case is  
 19 distinguished and supports your position  
 20 that 1213 doesn't apply to arbitration.  
 21 MR. HIGGINS: Well, it does  
 22 broadly, as this says, apply to  
 23 arbitrations in the sense that once it  
 24 gets to court, just the fact that an  
 25 underlying procedure is arbitration

1 Proceedings - 3/28/06  
 2 pleading, which is what this refers to,  
 3 in the court.  
 4 MR. HABER: Okay. Could you now  
 5 go to Exhibit C, which is the next case,  
 6 which is Northwestern National v. Kansa  
 7 and I'm looking at the third page, first  
 8 column under "Request for Bond," and  
 9 this is the bond that Kansa is supposed  
 10 to post to security and the last two  
 11 sentences say, "Accordingly, the parties  
 12 are instructed to meet and attempt to  
 13 resolve the amount of the bond to be  
 14 posted by Kansa. If the parties are  
 15 unable to reach agreement within two  
 16 weeks from the date of this order, the  
 17 arbitration panel will then resolve the  
 18 issue."  
 19 How does that support your  
 20 position?  
 21 MR. HIGGINS: Well, not the issue  
 22 of whether there'd be security, just the  
 23 amount. So the court is ordering the  
 24 security under Section 1213, it isn't  
 25 assigning that job to the panel, which

17

19

1 Proceedings - 3/28/06  
 2 is what is being suggested by the  
 3 claimant.  
 4 MR. HABER: Are you --  
 5 MR. HIGGINS: All that the court  
 6 is assigning to the parties for  
 7 agreement or in default to the panel, is  
 8 the amount of the security.  
 9 MR. HABER: I'm trying to  
 10 understand, so your argument is that it  
 11 is only a judge who may order the  
 12 posting of security, not this panel?  
 13 MR. HIGGINS: Yes.  
 14 MR. HABER: And your authority for  
 15 that position -- do you have affirmative  
 16 authority or are you just saying you  
 17 disagree with any reading of the cases  
 18 other than your interpretation?  
 19 MR. HIGGINS: Well, I don't think  
 20 there is a disagreement with my  
 21 interpretation in terms of who ordered  
 22 the security. Now, there are --  
 23 MR. HABER: I'm going to go out --  
 24 your opposing counsel I think is.  
 25 MR. HIGGINS: That there's

1 Proceedings - 3/28/06  
 2 MR. HIGGINS: We don't contest  
 3 that.  
 4 THE UMPIRE: Thank you.  
 5 MR. HIGGINS: There are three  
 6 grounds here, that's one of them.  
 7 The second ground is the ground  
 8 that there's a contractual obligation,  
 9 and that was dealt with briefly by  
 10 Ms. Jacobson. There's a number of  
 11 arguments against that. The primary  
 12 argument is that that's final relief,  
 13 and until we have -- until we have a  
 14 hearing here, the panel shouldn't be in  
 15 the business of enforcing one provision  
 16 of the contract and refusing to enforce  
 17 the other provisions of the contract.  
 18 We say it's equally clear that these  
 19 contracts only cover business which is  
 20 written in accordance with the  
 21 underwriting guidelines.  
 22 Now, we have to prove that and  
 23 we'd like an opportunity to prove that,  
 24 but to say that one provision is clear  
 25 and, you know, object to the other

18

20

1 Proceedings - 3/28/06  
 2 security, that there's authority for an  
 3 arbitration panel ordering security?  
 4 MR. HABER: You don't think  
 5 they've taken that position?  
 6 MR. HIGGINS: They have taken that  
 7 position, there's no authority for it.  
 8 And I don't think you can read these  
 9 cases as a matter of fact to interpret  
 10 them that the panel issued the 1213  
 11 order and not a court. In every case,  
 12 the court ordered the 1213.  
 13 MR. HABER: Okay.  
 14 MR. HIGGINS: And there is no  
 15 authority going the other way, simply  
 16 because the statute is clear.  
 17 MR. HABER: Okay.  
 18 THE UMPIRE: Let me see if I can  
 19 clarify that for my own mind.  
 20 It's your position that an  
 21 arbitration panel, per 1213, does not  
 22 have authority?  
 23 MR. HIGGINS: Exactly.  
 24 THE UMPIRE: Not an arbitration  
 25 panel doesn't have authority per se?

1 Proceedings - 3/28/06  
 2 provision is splitting the contract, and  
 3 that's final relief. If we are ordered  
 4 to put up security at the end of the  
 5 case because the panel has determined  
 6 that it's part of the relief that  
 7 security should be granted, then that's  
 8 what we'll deal with at the time and  
 9 that's when we'll put up -- we're happy  
 10 to put up the security at that time. We  
 11 don't think that at this stage we should  
 12 be looking at one aspect of the contract  
 13 and not at the other aspect.  
 14 Secondly, the clause only applies  
 15 to situations where credit for  
 16 reinsurance is a problem. And there are  
 17 a number of reasons why we shouldn't be  
 18 thinking about prehearing security,  
 19 which presumably would be under the  
 20 control of the panel, as solving that  
 21 problem. There's no contractual  
 22 requirement that we put up security that  
 23 is in the possession -- or under the  
 24 control of the panel, for the simple  
 25 reason that it wouldn't solve the credit

21

23

1 Proceedings - 3/28/06  
 2 for reinsurance problem because if it's  
 3 not unconditional, then the state won't  
 4 accept it, it's got to be utterly  
 5 unconditional. So if the panel decides  
 6 that security is there and it can only  
 7 be paid over if the judgment provides  
 8 for that, which is the standard forms  
 9 for security under the ARIAS forms, then  
 10 that does Security no good.

11 Secondly, on that point, we don't  
 12 believe that there is an obligation  
 13 under the contract to provide security  
 14 for the amount that's being sought.  
 15 Number one, we question the number,  
 16 because we question our obligation in  
 17 light of the defenses that we have  
 18 raised.

19 Secondly, we question the number  
 20 based on the security that -- based on  
 21 the amount of letters of credit that  
 22 Security is showing on its Schedule F.  
 23 There is no penalty for this contract,  
 24 so if there's no penalty, then there's  
 25 no right to claim a right under the

1 Proceedings - 3/28/06  
 2 overpayment of premium, it's just not  
 3 covered by the treaty. And I think if  
 4 you push it all out and give us a credit  
 5 for the \$4 million letter of credit, I'm  
 6 not sure that we owe them anything, even  
 7 under their interpretation.

8 The last argument that's made, and  
 9 we think it's libelous, is that  
 10 Commercial Risk doesn't have the  
 11 wherewithal to satisfy a \$6 million  
 12 letter of credit. We think it's just  
 13 outrageous for a company like RSA to  
 14 make against Commercial Risk and  
 15 ultimately SCOR, to question the ability  
 16 of SCOR to satisfy a judgment. We trust  
 17 that that's an argument that's -- an  
 18 advocate, a lawyer would put forward and  
 19 not RSA, but it's kind of a sad  
 20 commentary when that sort of  
 21 bloody-minded attitude is put forth in  
 22 an arbitration. We have this much  
 23 security in these two big companies  
 24 going at each other for a paltry  
 25 \$6 million, it's just, we think,

22

24

1 Proceedings - 3/28/06  
 2 contract for a letter of credit which  
 3 would cure the penalty. The fact that a  
 4 parent put up letters of credit we would  
 5 suggest is not a proper way to secure  
 6 under Schedule F. So the fact that they  
 7 have chosen to do this, and it cures  
 8 their problem, is not something that we  
 9 brought along. The problem is cured?  
 10 So be it.

11 The last item -- well, and also,  
 12 sorry, just to go back to that item, if  
 13 you look at the amounts claimed on the  
 14 schedule, number one, they keep  
 15 changing, and, number two, the schedule  
 16 is not understandable in terms of what  
 17 the security should be. It deals with  
 18 various items, premium items, claim  
 19 items, and, you know, there are negative  
 20 items on the funds held, there are  
 21 positive items on the amount of the  
 22 losses, Schedule F only deals with  
 23 losses, so we shouldn't -- you know, we  
 24 shouldn't be obligated to secure things  
 25 like return premium or, as they put it,

1 Proceedings - 3/28/06  
 2 outrageous.

3 Question was made as to whether a  
 4 an award would be enforceable in France.  
 5 That's unsupported by the claimant under  
 6 French law. I'm not an expert on French  
 7 law but I do know that France is a  
 8 signatory of the U.N. Convention for the  
 9 Enforcement of Foreign Arbitration  
 10 Awards, so, number one, there wouldn't  
 11 be any problem going to France and  
 12 getting it upheld and getting an order  
 13 confirming the award. As it wouldn't be  
 14 in this country if we had an arbitration  
 15 award in France. There's an assumption  
 16 that civilized countries should  
 17 recognize their judgments and also  
 18 should recognize their arbitration  
 19 awards. So we think that that is also a  
 20 fairly outrageous statement to make on  
 21 that issue.

22 And I think I had another point.

23 Also, a point was made that  
 24 there's a case that's been filed in, I  
 25 think Supreme Court New York, for an

25

27

1 Proceedings - 3/28/06  
 2 additional 55 million.  
 3 MR. LEWNER: 49.  
 4 MS. JACOBSON: 48.  
 5 MR. HIGGINS: 48, sorry.  
 6 That's -- you know, I think that's  
 7 utterly improper for anyone to suggest  
 8 that that has any relevance here.  
 9 Number one, it's not SCOR France, the  
 10 parent company, it's SCOR U.S.  
 11 Secondly, I think what's being  
 12 asked is for the panel to not only judge  
 13 this case but to judge that case as to  
 14 whether there's any merit to that claim  
 15 either. We don't know what it's about.  
 16 I mean they claim they stopped paying  
 17 losses but, you know, who knows what  
 18 that dispute is about. It's in court,  
 19 it's not an arbitration, and the panel  
 20 here really has no ability to analyze  
 21 it, to figure out whether it has any  
 22 application here or whether it affects  
 23 the ability of the parent company or  
 24 could affect the ability of the parent  
 25 company to satisfy this judgment which

1 Proceedings - 3/28/06  
 2 about security because we are going to  
 3 talk about security relative to both  
 4 contracts.  
 5 MS. JACOBSON: Okay, well, Mr. --  
 6 THE UMPIRE: I don't think that's  
 7 too much of a problem at the moment but  
 8 please go ahead.  
 9 MS. JACOBSON: Okay.  
 10 First of all, with respect to  
 11 Mr. Higgins' attempt to parse the cases  
 12 with respect to Section 1213, that it  
 13 was ordered by the court and not the  
 14 arbitration panel, I thoroughly disagree  
 15 with that, we've only cited two cases,  
 16 there are more cases.  
 17 If you turn to the actual statute  
 18 that we've appended to our reply brief  
 19 with respect to the DIG motion, you will  
 20 see that, we turn to Exhibit A, page 16  
 21 of 19, see under "Bond or Deposit" in  
 22 general there is a series of cases which  
 23 deal with Section 1213, the first of  
 24 which is dealing with an arbitration  
 25 panel's interim order for prejudgment

26

28

1 Proceedings - 3/28/06  
 2 in this case is going to be, if they get  
 3 everything they want, \$6 million, maybe  
 4 plus some interest. So that's the  
 5 arguments we have on the security issue.  
 6 THE UMPIRE: Thanks.  
 7 Any more questions of John  
 8 before -- Michelle?  
 9 MS. JACOBSON: I believe that  
 10 Mr. Higgins has actually combined the  
 11 two security motions because a lot of  
 12 the references were actually to DIG and  
 13 I believe that we were here to discuss  
 14 the non-DIG programs, NHE, ORS and HPP.  
 15 However --  
 16 MR. HIGGINS: I was mistaken, I  
 17 thought we were discussing -- we were  
 18 still in the organizational meeting when  
 19 we were discussing security.  
 20 THE UMPIRE: Yes, we're still in  
 21 the organizational meeting.  
 22 MS. JACOBSON: Right.  
 23 THE UMPIRE: I understand that  
 24 there are perhaps some grayish and  
 25 blurry lines here when we're talking

1 Proceedings - 3/28/06  
 2 security.  
 3 THE UMPIRE: Hold on, just a  
 4 second.  
 5 MS. JACOBSON: That's the thin  
 6 one.  
 7 THE UMPIRE: It's actually page 15  
 8 but at the top --  
 9 MS. JACOBSON: Page 15 but it does  
 10 say page 16 of 19 at the top.  
 11 THE UMPIRE: Okay.  
 12 MS. JACOBSON: If you look to the  
 13 very first entry, there it is dealing  
 14 with an arbitration panel's interim  
 15 order, it was obviously being reviewed  
 16 by the court on prejudgment security.  
 17 So I think it is clear that 1213  
 18 does, in fact, apply to proceedings,  
 19 it's not limited to litigations, but in  
 20 any event, if I heard Mr. Higgins  
 21 correctly, he does not debate that the  
 22 panel has the inherent authority to  
 23 issue such awards, even if one were to  
 24 credit his argument under Section 1213.  
 25 Mr. Higgins' statement -- I'd like

29

1 Proceedings - 3/28/06  
 2 to respond to Mr. Higgins' statements  
 3 with respect to the contractual  
 4 provision. He's indicated that, in  
 5 essence, we're seeking final relief. I  
 6 mean that's not the case at all. In  
 7 both of our arbitration proceedings,  
 8 we're -- certainly we were entitled  
 9 under these provisions to completely  
 10 draw down on whatever we had, and we  
 11 haven't done so. We believe, however,  
 12 that these amounts should be set aside  
 13 in escrow, it's not akin to final  
 14 relief, and we would -- we assert that  
 15 the contract is clear that it does not  
 16 limit itself to matters not in dispute;  
 17 therefore, to the extent that we have  
 18 reserved and we have paid losses, and  
 19 that there is IBNR that we have set  
 20 aside, then they should post those sums  
 21 in an escrow amount per the terms of the  
 22 contract.

23 Mr. Higgins has discussed the  
 24 Schedule F. I think, frankly, that it's  
 25 shocking that Commercial Risk did not

30

1 Proceedings - 3/28/06  
 2 inform the panel that, indeed, it had  
 3 not posted the \$29 million which appears  
 4 under LOCs. They know they haven't  
 5 posted that amount. In fact, there is  
 6 10.3 million that was as a result of  
 7 Royal's parent's LOC and to the extent  
 8 that Commercial Risk has contended that  
 9 in some regard that's improper, the  
 10 Delaware Insurance Department, which is  
 11 Royal Indemnity's domicile, has blessed  
 12 this very use of the parental LOC. It's  
 13 contained in the notes of the annual  
 14 statement of Royal Indemnity. So there  
 15 is nothing wrong with it.

16 However, they should not be  
 17 entitled to take credit for the parental  
 18 LOC that's out there. Their statement  
 19 that we solved the problem so that,  
 20 therefore, they don't have to abide  
 21 under their contractual obligations is  
 22 frankly -- I find it absurd.

23 Now, they express shock and dismay  
 24 over the fact that we said that they may  
 25 not have the wherewithal to satisfy any

31

1 Proceedings - 3/28/06  
 2 award here, and they said that they feel  
 3 it libelous. Well, to the extent that  
 4 we know that Commercial Risk has frankly  
 5 ceased paying on many millions of  
 6 dollars worth of obligations, we have a  
 7 problem with that. We don't think it's  
 8 libelous to assert that maybe that they  
 9 won't pay; their financial statements  
 10 show otherwise. They are relying  
 11 wholeheartedly on this guarantee that  
 12 has been posted by SCOR? Well, you  
 13 know, if you take a look at that  
 14 guarantee, it's addressed to whom it may  
 15 concern; that's not a contract that  
 16 anyone can rely on, to whom it may  
 17 concern.

18 And I would also indicate that if  
 19 you look at that SCOR guarantee, one of  
 20 them is dated July of '99. That's the  
 21 date of the first DIG contract that we  
 22 have. That parental guarantee is not  
 23 slapped on to the back of the  
 24 reinsurance contract, it is not our --  
 25 our reinsurance contract is with

32

1 Proceedings - 3/28/06  
 2 Commercial Risk, it's signed by  
 3 Commercial Risk and it's Commercial Risk  
 4 that we should look to to enforce any  
 5 obligations under the reinsurance  
 6 contract.

7 We, with all due respect, should  
 8 not have to go off to France to litigate  
 9 against the parent on a guarantee which  
 10 is certainly -- I'm not even sure if  
 11 it's a legal obligation under U.S. law  
 12 or French law.

13 And, certainly, I don't think that  
 14 Security Insurance Company of Hartford  
 15 should have to engage in ancillary  
 16 litigation in France to enforce  
 17 something here and that certainly  
 18 collateral should be posted.

19 MR. DIELMANN: I have a question.  
 20 Mr. Higgins said -- stated that there  
 21 are -- France is a signatory of the U.N.  
 22 agreement for enforcing arbitration  
 23 awards. Is this, indeed, correct, that  
 24 you have to go to France if the panel,  
 25 you know, gives you relief or can that

33

1 Proceedings - 3/28/06  
 2 award be enforced in this country?  
 3 MS. JACOBSON: Well, SCOR, the  
 4 parent, is not a party to this  
 5 arbitration. So if this panel -- this  
 6 panel would have to somehow suck SCOR,  
 7 the parent, into this arbitration on an  
 8 alter ego theory.  
 9 MR. DIELMANN: But is that not  
 10 then a formality to have it confirmed in  
 11 France? I mean what you are implying it  
 12 seems to me that you basically have to  
 13 struggle to get it enforced in France  
 14 but if SCOR is a signatory, then surely  
 15 the subsidiary -- you would have to just  
 16 to get it confirmed or do I understand  
 17 this incorrectly?  
 18 MS. JACOBSON: No, I believe, with  
 19 all due respect, I think you have it  
 20 incorrectly. I mean here SCOR is not a  
 21 party to this arbitration; they would  
 22 not -- there would not be an award  
 23 entered against SCOR in this arbitration  
 24 unless they're brought in as a party.  
 25 Therefore, there would be no award to

34

1 Proceedings - 3/28/06  
 2 enforce here or overseas against SCOR.  
 3 We would have to have an award against  
 4 Commercial Risk. If Commercial Risk  
 5 wouldn't pay, then we would be stuck  
 6 with that parental guarantee and have to  
 7 chase SCOR somewhere, either by  
 8 commencing arbitration against SCOR  
 9 somewhere or by litigating against SCOR  
 10 somewhere. That's the fear.  
 11 MR. HABER: Theo, isn't there a  
 12 simple solution. If SCOR voluntarily  
 13 wishes to submit to the jurisdiction of  
 14 this arbitration panel and be bound by  
 15 U.S. law and be subject to any judgment,  
 16 wouldn't that solve the problem?  
 17 MR. HIGGINS: That's something  
 18 that may well happen but I don't have  
 19 the authority, sitting here, to respond  
 20 to that, but I'm certainly willing to  
 21 respond to it in the next day or so.  
 22 THE UMPIRE: Let me make sure I  
 23 understand this, maybe I can --  
 24 MR. HIGGINS: I can assure you  
 25 that we didn't put that guarantee out as

35

1 Proceedings - 3/28/06  
 2 something which is illusory.  
 3 MR. HABER: Well, not --  
 4 MR. HIGGINS: To whom it may  
 5 concern is the world. It was sent to  
 6 RSA, it was sent to all the cedents.  
 7 MS. JACOBSON: With all due  
 8 respect, no one in our organization  
 9 recalls having been brought -- provided  
 10 with that.  
 11 THE UMPIRE: I tell you what,  
 12 let's move on, I'm happy with  
 13 understanding where I think we are.  
 14 MR. DIELMANN: I haven't really  
 15 understood what your suggestion, Marty,  
 16 was.  
 17 MR. HABER: Well, my suggestion is  
 18 this, under American laws with regard to  
 19 personal jurisdiction, because SCOR, the  
 20 parent, is not a party here, they are  
 21 not bound by anything legal.  
 22 MR. DIELMANN: Okay.  
 23 MR. HABER: They have signed a  
 24 judgment, they have signed an  
 25 arbitration treaty, if you will, that

36

1 Proceedings - 3/28/06  
 2 says in the event they lose an  
 3 arbitration in the United States and a  
 4 judgment is against the parent --  
 5 MR. DIELMANN: Right.  
 6 MR. HABER: -- that judgment may  
 7 be enforced in France, not a judgment  
 8 against their subsidiary.  
 9 MR. DIELMANN: Right.  
 10 MR. HABER: So your question, in  
 11 order to respond to your question  
 12 completely, they would have to be  
 13 subject to the jurisdiction of this  
 14 panel and they are not.  
 15 MR. DIELMANN: Okay.  
 16 MR. HABER: I mean no one here is  
 17 claiming that SCOR, the parent, is part  
 18 of this case.  
 19 MR. HIGGINS: No, we're not, but  
 20 it's certainly not clear that anyone  
 21 would have to go to France. SCOR's  
 22 doing business everywhere including  
 23 here.  
 24 THE UMPIRE: Let me say something  
 25 here for a second. As far as I

37

39

1 Proceedings - 3/28/06  
 2 understand it from following  
 3 Mr. Dielmann's question--I'll leave  
 4 Mr. Haber's question out of it for the  
 5 moment--in the event that this panel  
 6 found in favor of Security of Hartford,  
 7 that would be against Commercial Risk's  
 8 both Bermuda and Vermont --  
 9 MS. JACOBSON: That's right.  
 10 THE UMPIRE: -- where relevant.  
 11 If those companies -- and if there  
 12 were no security, with a small "S,"  
 13 posted, Security of Hartford would look  
 14 to Commercial Risk for satisfaction of  
 15 that award. In the event that  
 16 Commercial Risk failed to satisfy the  
 17 award, for whatever reason, it's  
 18 possible that Security could look to the  
 19 guarantee from SCOR as relief. In order  
 20 to satisfy that, it would need to write  
 21 to SCOR and say kindly pay us X amount  
 22 of dollars. If SCOR said, yes, end of  
 23 problem; if SCOR said no, however, then  
 24 I would imagine that Security of  
 25 Hartford would need to file litigation

1 Proceedings - 3/28/06  
 2 won't be enough assets. You have to get  
 3 into the reserving of the company.  
 4 THE UMPIRE: In the event that  
 5 Commercial Risk paid the award that the  
 6 panel had given, it will be end of  
 7 story.  
 8 MR. HIGGINS: Yes.  
 9 THE UMPIRE: In the event that it  
 10 did not pay, for whatever reason,  
 11 whether it could, didn't want to or  
 12 couldn't because it was bust, makes no  
 13 difference.  
 14 MR. HIGGINS: I'm sorry, it does  
 15 make a difference on the first thing  
 16 that you said, because you can enforce  
 17 it against the company if they have the  
 18 funds. It's entitled to be entered in a  
 19 court and then enforced, entered as a  
 20 judgment and then enforced if they don't  
 21 want to pay. Now, if they're belly up,  
 22 then that would trigger what you're --  
 23 THE UMPIRE: Well, couldn't  
 24 Security pursue both angles --  
 25 MR. HIGGINS: Sure.

38

40

1 Proceedings - 3/28/06  
 2 against SCOR, presumably in France,  
 3 under the terms of that guarantee.  
 4 Whether in France or the U.S., it would  
 5 need to file litigation, I'm just  
 6 assuming, but what I'm saying, it in  
 7 France; I would need to fight that  
 8 litigation in order to secure the award.  
 9 Is that a clear understanding of  
 10 that issue?  
 11 MS. JACOBSON: That is correct.  
 12 THE UMPIRE: As far as Mr. Haber's  
 13 question --  
 14 MR. HIGGINS: Well, could I  
 15 just --  
 16 THE UMPIRE: Go ahead.  
 17 MR. HIGGINS: One caveat to what  
 18 you just said. In the first instance,  
 19 it would be up to Security -- or, I'm  
 20 sorry, Commercial Risk to determine  
 21 whether they even satisfied the  
 22 judgment. I mean this is something that  
 23 only applies if there isn't enough  
 24 assets, and there's been no proof that  
 25 there isn't enough assets or that there

1 Proceedings - 3/28/06  
 2 THE UMPIRE: -- at the point in  
 3 time, i.e., pursue Commercial Risk,  
 4 let's assume that it's not in litigation  
 5 or even if it is, it's against the  
 6 receiver, and under the parental  
 7 guarantee, the guarantee I don't think  
 8 mentions the liquidation scenario, it's  
 9 just a blanket guarantee, what it's  
 10 worth is something else, I don't want to  
 11 get into that issue, but as a matter of  
 12 law, I think Security could pursue both  
 13 if they so choose?  
 14 MR. HIGGINS: If they believe that  
 15 it's clear that Commercial Risk can't  
 16 satisfy it, then they would be -- they  
 17 would be free to, you know, to litigate  
 18 under the guarantee and then pursue  
 19 rights against Security presumably at  
 20 the same time by filing a liquidation  
 21 proceeding or however. But the  
 22 guarantee is a standby, so, first,  
 23 they'd have to pursue Security, which is  
 24 normal, and if Security has sufficient  
 25 funds --

41

43

1 Proceedings - 3/28/06  
 2 THE UMPIRE: You mean Commercial  
 3 Risk?  
 4 MR. HIGGINS: I'm sorry, they have  
 5 to pursue Commercial Risk, and if  
 6 Commercial Risk has sufficient funds,  
 7 then they'd be obligated to pay them.  
 8 THE UMPIRE: Thank you.  
 9 As far as Mr. Haber's question is  
 10 concerned, I would prefer that we didn't  
 11 raise the issue of bringing in any  
 12 parties yet until we've gone down  
 13 through stage one. I think that's a  
 14 little premature and I'd like to have  
 15 panel discussion on that first which we  
 16 could -- I think that's --  
 17 MR. HABER: That's perfectly fine  
 18 but I think when we deal with the  
 19 guarantee, and we're assuming facts not  
 20 in evidence, because it's not clear  
 21 under American law that this is a valid  
 22 guarantee, it might be under French law,  
 23 but we do not have an opinion of French  
 24 counsel that this is any sort of  
 25 enforceable guarantee because the first

1 Proceedings - 3/28/06  
 2 guarantee is questionable. It may be  
 3 perfectly valid under French law, I'm  
 4 not suggesting it's not, but there's  
 5 clearly no proof before the panel that  
 6 it is.  
 7 MR. HIGGINS: Well, that's just  
 8 one of them. The other one names both  
 9 companies.  
 10 MR. DIELMANN: May I just, you  
 11 know, just taking on what Mr. Haber  
 12 said, I mean, well, where is the  
 13 problem -- to clarify this, even to take  
 14 out the remotest possibility that SCOR  
 15 doesn't stand behind their subsidiary,  
 16 is that, you know, that there is a, a  
 17 specific guarantee, referring to the two  
 18 treaties and, if need be, to this  
 19 particular or the two arbitrations that  
 20 are currently pending, I mean I do not  
 21 know whether that is too specific but  
 22 surely I would say it would take away  
 23 even the doubts that obviously in the  
 24 claimant's mind that there may be a risk  
 25 that SCOR or Commercial Risk will

42

44

1 Proceedings - 3/28/06  
 2 sentence says that "SCOR guarantees that  
 3 Commercial Risk Reinsurance Company,"  
 4 without determining which company,  
 5 "shall perform its claims obligations  
 6 when due." If I understand this case,  
 7 there are two Commercial Risk  
 8 reinsurance companies, correct?  
 9 MR. HIGGINS: Yes.  
 10 MR. HABER: Which one does this  
 11 guarantee apply to?  
 12 MR. HIGGINS: Both of them.  
 13 MR. HABER: It doesn't say that,  
 14 they're two separate legal entities, you  
 15 have not specifically identified -- I  
 16 don't mean you personally, John, I don't  
 17 mean it that way, but SCOR has not  
 18 specifically identified the party whose  
 19 obligations it is guaranteeing. In  
 20 America, under the rules of strictissimi  
 21 juris that voids this to begin with  
 22 because you don't have a party whose  
 23 actual performance is guaranteed without  
 24 having the party completely identified  
 25 and here the party isn't. I think the

1 Proceedings - 3/28/06  
 2 talk -- walk away from any award being  
 3 given by the panel?  
 4 MR. HIGGINS: That is one thing I  
 5 indicated earlier we'd discuss -- what  
 6 you're suggesting is make it specific to  
 7 these contracts --  
 8 MR. DIELMANN: Yeah.  
 9 MR. HIGGINS: -- and have SCOR,  
 10 the parent --  
 11 MR. DIELMANN: Right.  
 12 MR. HIGGINS: -- state that the  
 13 guarantee covers that specifically.  
 14 MR. DIELMANN: Exactly.  
 15 MR. HABER: But there's something  
 16 else, the language in the guarantee says  
 17 that there's a guarantee that they shall  
 18 perform its payment obligations when  
 19 due. This is a judgment in an  
 20 arbitration we're looking to be  
 21 guaranteed, not the performance of a  
 22 claims obligation when due, because in  
 23 theory, and only in theory, if this  
 24 panel ruled in favor of Security of  
 25 Hartford, we would be ruling that a

45

1 Proceedings - 3/28/06  
 2 claims obligation -- a claims demand  
 3 made X months ago or X years ago,  
 4 whenever it was made, was due when made  
 5 and wasn't paid.

6 This guarantee is unclear in a  
 7 literal sense as to all of Commercial  
 8 Risk's obligations. It's only talking  
 9 about claims obligations when due. It  
 10 could mean there's judgment--I'm not  
 11 suggesting it doesn't--but it's -- at  
 12 this point in time the language is so  
 13 unclear as to require a court's  
 14 interpretation. Not the kind of thing  
 15 you want to bank on to enforce.

16 MR. HIGGINS: Well, I mean the  
 17 suggestion is that we clarify that to --

18 MR. HABER: A brand --

19 MR. HIGGINS: -- to alleviate  
 20 those concerns.

21 But, secondly, when you're dealing  
 22 with guarantees, before you can pursue  
 23 the parent, you have to enforce the  
 24 obligation, to the extent you can,  
 25 against the guaranteeing party.

47

1 Proceedings - 3/28/06  
 2 document that says, "Without offset  
 3 defense or counterclaim, we guarantee  
 4 the full payment and performance of all  
 5 debts owed under the two contracts."  
 6 I'm not saying you agree to that  
 7 language, I'm not suggesting that; all  
 8 I'm saying is you could draft a document  
 9 that was a lot tighter.

10 MR. HIGGINS: Yes, and that's what  
 11 I'm going to discuss with the client.

12 MS. JACOBSON: And I have a  
 13 comment to that.

14 We entered into these contracts  
 15 with Commercial Risk. That is our  
 16 contracting party. We are entitled to  
 17 look to Commercial Risk, we're not -- we  
 18 don't have to look to anyone else,  
 19 because that's not -- no one else signed  
 20 that contract; Commercial Risk signed  
 21 that contract, Commercial Risk Vermont  
 22 and Commercial Risk Bermuda, those are  
 23 the folks that we are pursuing in this  
 24 arbitration. Frankly, these are the  
 25 only folks that we have a right to

46

1 Proceedings - 3/28/06  
 2 MR. HABER: It depends on the  
 3 terms of the guarantee. Some are  
 4 guarantees of payment, some are  
 5 guarantees of performance. It depends  
 6 on the guarantee you enter into and what  
 7 the consideration is for the guarantee.  
 8 It's a little difficult on the July 1  
 9 '99 guarantee to understand how that was  
 10 consideration for the DIG contract since  
 11 it was the same date.

12 The March 9, 2001 guarantee, at  
 13 least I don't think the panel has seen  
 14 any evidence as to what the genesis was  
 15 for that document and what the  
 16 consideration is.

17 I'm just saying there are a lot of  
 18 open questions and as we all well know,  
 19 if you give a lawyer a chance, they can  
 20 make a thousand questions out of a  
 21 one-question issue. And there are  
 22 really a lot of questions here that are  
 23 unanswered and I don't think the  
 24 guarantee says precise -- and clearly,  
 25 you could clarify it by SCOR issuing a

48

1 Proceedings - 3/28/06  
 2 pursue in this arbitration and we are  
 3 entitled to security from them. I don't  
 4 want other guarantees or that we may  
 5 pay, you know, the parent stands behind  
 6 us, I don't think that that does the  
 7 trick. That's not who we contracted  
 8 with.

9 THE UMPIRE: I think it's  
 10 probably -- now is probably a good time  
 11 to cut off this particular line of  
 12 discussion --

13 MS. JACOBSON: Yeah.

14 THE UMPIRE: -- (a) because I  
 15 think we'll start going round again, and  
 16 (b) I think from a procedural viewpoint  
 17 what we discussed earlier on is the  
 18 panel will discuss the issue. It may or  
 19 may not become relevant.

20 MS. JACOBSON: Okay.

21 THE UMPIRE: If it does become  
 22 relevant, we can revisit it and either  
 23 make an order or ask the parties to  
 24 comment some more but I think we've  
 25 probably added sufficiently enough from

49

51

1 Proceedings - 3/28/06  
 2 the principle viewpoint other than my  
 3 co-panelist who obviously doesn't agree  
 4 with me.  
 5 MR. DIELMANN: No, I do agree with  
 6 you.  
 7 THE UMPIRE: Good, let's move on.  
 8 MR. DIELMANN: No, again, I just  
 9 have a very specific question. Is that  
 10 correct or incorrect that, you know,  
 11 Commercial Risk Vermont can -- does have  
 12 under Article -- under the security  
 13 clause you can take credit or not, and  
 14 my question is, you know, does the  
 15 contractual obligation in respect of the  
 16 security requirement, does that also  
 17 refer to Commercial Risk Vermont or not?  
 18 Because I think they only have  
 19 to -- have to -- they only, you know,  
 20 have to oblige if you can -- if, you  
 21 know, Security of Hartford can take  
 22 credit, my question is I'm not clear on  
 23 this point whether that's correct or  
 24 not.  
 25 MS. JACOBSON: I believe that

1 Proceedings - 3/28/06  
 2 MR. DIELMANN: Okay, fine.  
 3 THE UMPIRE: Maybe if we get back  
 4 to the organizational meeting here for a  
 5 moment at least.  
 6 I was incorrect at the beginning  
 7 here, I moved too quickly, I should have  
 8 asked everybody in the room to identify  
 9 themselves, so as a break now it might  
 10 be a good idea to do that.  
 11 I'll start here and then we'll  
 12 move round to the left.  
 13 Obviously, David Thirkill, umpire.  
 14 MR. HABER: Martin Haber,  
 15 party-appointed arbitrator for Security  
 16 of Hartford.  
 17 MR. MEEHAN: James Meehan, I'm  
 18 general counsel for Royal & SunAlliance  
 19 USA and its affiliated insurance  
 20 companies.  
 21 MR. LEFEBVRE: Andre Lefebvre,  
 22 financial risk officer for Royal &  
 23 SunAlliance USA.  
 24 MR. LEWNER: Andrew Lewner, from  
 25 Stroock & Stroock & Lavan, for claimant.

50

52

1 Proceedings - 3/28/06  
 2 Commercial Risk Vermont is an admitted  
 3 company.  
 4 MR. DIELMANN: Okay.  
 5 MS. JACOBSON: Authorized,  
 6 authorized, I'm sorry.  
 7 MR. DIELMANN: So as far as if  
 8 there's a security obligation under the  
 9 Article 14, as far as DIG is concerned  
 10 and other articles of a similar nature  
 11 is concerned, they wouldn't have to post  
 12 letters of credit; is that correct?  
 13 MS. JACOBSON: That would be  
 14 correct under the security provisions in  
 15 the contracts, apart from common law and  
 16 statute -- that's correct.  
 17 MR. DIELMANN: And I have another  
 18 question that refers to the net funds  
 19 held.  
 20 Net funds held --  
 21 THE UMPIRE: Theo, can we leave  
 22 that, I was going to ask you your first  
 23 question, you've asked it, but I want to  
 24 get into those details when we get into  
 25 the security discussion.

1 Proceedings - 3/28/06  
 2 MS. JACOBSON: I'm Michelle  
 3 Jacobson, from Stroock & Stroock &  
 4 Lavan, for the claimant.  
 5 MR. HIGGINS: John Higgins,  
 6 D'Amato & Lynch, for the respondent.  
 7 MS. de LACROIX: Joelle  
 8 de Lacroix, CRP.  
 9 MR. DIELMANN: Theo Dielmann,  
 10 party-appointed arbitrator for  
 11 Commercial Risk Vermont and Bermuda.  
 12 THE UMPIRE: Thank you.  
 13 As far as prehearing motions are  
 14 concerned, obviously we have the motion  
 15 for security. Are there any other  
 16 prehearing motions that anybody wants to  
 17 raise at this juncture?  
 18 MR. HIGGINS: Which one are we on?  
 19 THE UMPIRE: We're on the  
 20 organizational meeting?  
 21 MR. HIGGINS: Non-DIG.  
 22 THE UMPIRE: Non-DIG.  
 23 MR. HIGGINS: I think we should  
 24 discuss the consolidation issue. Should  
 25 I deal with that?

53

1 Proceedings - 3/28/06  
 2 THE UMPIRE: Please.  
 3 MR. HIGGINS: We believe that  
 4 consolidation -- not consolidation in a  
 5 literal sense because we don't have or  
 6 the panel doesn't have the authority  
 7 under New York or Connecticut law to  
 8 order parties to consolidate different  
 9 contracts, so we're not asking for  
 10 consolidation in a literal sense. What  
 11 we're asking is for the panel to order  
 12 that the discovery or disclosure in the  
 13 hearings be held at the same time. I've  
 14 seen that in many cases but -- and  
 15 that's what we're suggesting.  
 16 Now, the objection to that, as far  
 17 as we know, from Security is that we're  
 18 on a very tight schedule in the DIG  
 19 arbitration and it will interfere with  
 20 the ability to complete the schedule and  
 21 it will cause problems timewise for us  
 22 to do that. And I think that if that's  
 23 the case, if that's -- if there's merit  
 24 to that argument, then we would be  
 25 willing to yield on that point so long

54

1 Proceedings - 3/28/06  
 2 as we don't end up doing the same thing,  
 3 which is pushing this arbitration, the  
 4 non-DIG arbitration, along at the same  
 5 time as the other and, you know,  
 6 creating the same problem that's being  
 7 objected to.  
 8 So what we would suggest, if the  
 9 panel wants to entertain it, is that we  
 10 have -- that we put this one off and  
 11 have it done after the DIG arbitration.  
 12 And that's perfectly acceptable to us.  
 13 MS. JACOBSON: Okay. Well, we,  
 14 despite what Mr. Higgins is saying that  
 15 he's not seeking consolidation, I think,  
 16 in fact, it would be a de facto  
 17 consolidation, which is not required  
 18 either contractually, you know, in any  
 19 of the agreements, and we don't agree to  
 20 it and I think that's been made clear.  
 21 We agree to consolidate NHE, ORS  
 22 and HPP--those were actually three  
 23 separate arbitrations--we agreed to  
 24 consolidate them into one, having --  
 25 leaving us with two arbitrations.

55

1 Proceedings - 3/28/06  
 2 There are such disparate facts  
 3 with respect to each of those programs.  
 4 In one we have a set of three disparate  
 5 facts and DIG has its own set of facts.  
 6 We don't believe that there is that much  
 7 of a substantial overlap. I believe the  
 8 contention is violation of underwriting  
 9 guidelines. The guidelines are  
 10 different in all of the arbitrations.  
 11 If what Mr. Higgins is suggesting  
 12 is to have the DIG arbitration in  
 13 December, as scheduled, and then have a  
 14 later date for the non-DIG, keeping them  
 15 separate, that's fine with us, and we  
 16 would propose an end-of-January hearing  
 17 date if that's acceptable to the panel,  
 18 just splitting them up, keeping them  
 19 separate.  
 20 THE UMPIRE: Okay, let me make a  
 21 couple of points. The panel has already  
 22 chatted datewise at least, and while I  
 23 don't have the specific dates -- are you  
 24 okay?  
 25 MS. JACOBSON: Yeah.

56

1 Proceedings - 3/28/06  
 2 THE UMPIRE: -- while I don't have  
 3 the specific dates, and we can come to  
 4 those in a second, the first date we  
 5 could offer you would be March anyway,  
 6 and, in effect, since we had already  
 7 reserved the whole -- the whole week in  
 8 December, I don't remember the exact  
 9 dates, but we reserved the whole week  
 10 and I think the impression that we  
 11 gained when we discussed this is we'd  
 12 need all of that time for the DIG  
 13 arbitration.  
 14 MS. JACOBSON: That's right.  
 15 THE UMPIRE: I mean just as a  
 16 matter of fact we want to be able to  
 17 go --  
 18 MR. HABER: December 11th.  
 19 THE UMPIRE: December 11th, thank  
 20 you, Marty.  
 21 We wouldn't be able to go until  
 22 March anyway.  
 23 Talking a little more generally,  
 24 and again I welcome any input from my  
 25 co-panelists here, since the panel has

57

59

1 Proceedings - 3/28/06  
 2 not heard from either of you relative to  
 3 discovery issues in relation to the DIG  
 4 contract, we assume one of two things,  
 5 either you're getting along famously or  
 6 you haven't chatted at all but in either  
 7 case, obviously there's no issues yet  
 8 before us on that. It would seem to me,  
 9 as a matter of logic, that if there's  
 10 auditors going in, just from an  
 11 efficiency viewpoint, one would imagine  
 12 that it would make sense for them to  
 13 sort of look at the two or three if that  
 14 was feasible but, again, if it is a  
 15 problem to either of you, please go  
 16 ahead and organize it as you think best  
 17 and come to us with any issues as they  
 18 arise.  
 19 As far as dates are concerned --  
 20 what was that date again, Marty?  
 21 MR. HABER: March 26th is my  
 22 earlier --  
 23 THE UMPIRE: Okay, that's good.  
 24 I'm free -- are you free?  
 25 MR. DIELMANN: Yes.

1 Proceedings - 3/28/06  
 2 be wrong because I have Easter Sunday  
 3 being on March 27th in 2007, which it  
 4 certainly isn't the case.  
 5 MR. HABER: That's a Monday.  
 6 THE UMPIRE: Let's put it this  
 7 way, let's reserve that week.  
 8 MS. JACOBSON: Yes.  
 9 THE UMPIRE: If it so transpires  
 10 there's a holiday at the end of it and  
 11 we need to go over to the following week  
 12 and come back, we'll do that but I think  
 13 that's important that we at least get it  
 14 on the calendar.  
 15 MS. JACOBSON: I agree with you.  
 16 MR. HABER: Unless you want to  
 17 pick the week of April 2nd and then be  
 18 sure?  
 19 MR. HIGGINS: That's probably  
 20 better anyway because I get concerned  
 21 about the suggestion of January but once  
 22 this one, the DIG one is over, we're  
 23 going to, you know, we're going to have  
 24 to shift gears and have some time to  
 25 prepare papers on the other.

58

60

1 Proceedings - 3/28/06  
 2 THE UMPIRE: Again, do you think  
 3 with the three that a week is  
 4 sufficient?  
 5 MS. JACOBSON: I believe so.  
 6 THE UMPIRE: So we could reserve  
 7 off -- if that was okay with you,  
 8 Mr. Higgins, also, the week of 26th of  
 9 March '07?  
 10 MR. HIGGINS: Should be okay.  
 11 THE UMPIRE: Is there anything  
 12 strange about that --  
 13 MR. HABER: 26th is a Monday.  
 14 THE UMPIRE: -- apart from it  
 15 being, the 29th being Mr. Haber's next  
 16 wedding anniversary after tomorrow?  
 17 MS. JACOBSON: We were attempting  
 18 to figure out which week it was Good  
 19 Friday and I can't -- according to my  
 20 list it's wrong. It must be the 23rd.  
 21 THE UMPIRE: The 23rd is Good  
 22 Friday?  
 23 MS. JACOBSON: I was just trying  
 24 to figure it out but apparently the  
 25 schedule that I have of holidays has to

1 Proceedings - 3/28/06  
 2 THE UMPIRE: I actually have no  
 3 problem if Mr. Dielmann doesn't with  
 4 either of those.  
 5 MR. DIELMANN: No.  
 6 THE UMPIRE: And I don't think  
 7 it's going to make that much difference.  
 8 MS. JACOBSON: If my notes are  
 9 correct, Passover may be the following  
 10 week, which is April 2nd, so we would  
 11 want to do it the 26th.  
 12 THE UMPIRE: Okay. Did you hear  
 13 that, Mr. Higgins?  
 14 MS. de LACROIX: I'm trying to  
 15 look at his journal and it seems that  
 16 he's going to a seminar in April, but I  
 17 can't see anything -- I'm sorry.  
 18 THE UMPIRE: That's okay.  
 19 Let's put in the week of the 26th  
 20 now and if it transpires that it's a big  
 21 issue either for Easter or Passover,  
 22 we'll revisit it.  
 23 MR. HABER: So we're at the 26th?  
 24 THE UMPIRE: 26th.  
 25 MR. HABER: Okay, done.

61

63

1 Proceedings - 3/28/06  
 2 MR. DIELMANN: Yeah.  
 3 MR. HIGGINS: So the week of the  
 4 2nd, April?  
 5 THE UMPIRE: No, the 26th, there's  
 6 a question probably of Passover in that  
 7 week.  
 8 MR. LEWNER: Passover is the first  
 9 two days, April 2nd and April 3rd of  
 10 that year.  
 11 MS. JACOBSON: We're better off in  
 12 the March dates it appears.  
 13 THE UMPIRE: Okay, back to the  
 14 agenda, I think we're down -- could we  
 15 take it that the parties would like  
 16 similar procedural issues to that we  
 17 discussed and agreed on in the other  
 18 matter?  
 19 MR. HIGGINS: Yes.  
 20 MS. JACOBSON: Yes.  
 21 THE UMPIRE: And ex parte  
 22 communication in the same way, I think  
 23 we said at the filing of the initial  
 24 prehearing briefs?  
 25 MS. JACOBSON: Yes.

1 Proceedings - 3/28/06  
 2 wasn't on the agenda here. If  
 3 necessary, we could revisit that one  
 4 officially but if unofficially if we  
 5 come to the same conclusion here, I  
 6 think it will be much more efficient.  
 7 MS. JACOBSON: We would request a  
 8 reasoned award.  
 9 MR. HIGGINS: What was that, I'm  
 10 sorry?  
 11 MS. JACOBSON: We request a  
 12 reasoned award.  
 13 MR. HIGGINS: We agree.  
 14 THE UMPIRE: Okay. I don't think  
 15 this particular panel is afraid of  
 16 writing written awards.  
 17 So if there's no other matters  
 18 before this particular organizational  
 19 meeting panel, we'd like to adjourn it.  
 20 Do you have any other matters?  
 21 MS. JACOBSON: I don't believe so.  
 22 MR. HIGGINS: We don't.  
 23 THE UMPIRE: So we're going --  
 24 we'll adjourn the organizational meeting  
 25 and take a 10-, 15-minute break?

62

64

1 Proceedings - 3/28/06  
 2 MR. HIGGINS: Yes.  
 3 THE UMPIRE: Dates and locations  
 4 we've done.  
 5 MS. JACOBSON: Well, we'll offer  
 6 to hold -- I don't think we discussed  
 7 location but we'll offer our --  
 8 MR. HIGGINS: We can discuss that  
 9 much later. I prefer to avoid hotel  
 10 expenses and all the rest of that.  
 11 MS. JACOBSON: That's why we're  
 12 offering.  
 13 THE UMPIRE: The panel will not  
 14 insist on being in a hotel if the  
 15 parties can agree on a location.  
 16 MS. JACOBSON: Okay.  
 17 THE UMPIRE: And, again, I think  
 18 we're all agreed in New York --  
 19 MR. HIGGINS: Yes.  
 20 THE UMPIRE: -- as before.  
 21 Please correct my memory if it's  
 22 incorrect, but I don't think we actually  
 23 discussed the form of award, whether you  
 24 want a reasoned award or not in the  
 25 other matter, and I raise it now, it

THE UMPIRE: I had circulated an  
 agenda. Does everybody have that or  
 would anybody like a copy?

We're all good to go. Let's start  
 off with disclosures by the panel. I'll  
 go first.

As far as my fellow panelists are

5

7

1 Proceedings - February 22, 2006  
 2 concerned, starting with Mr. Dielmann,  
 3 whom I've known for 20 years, our first  
 4 meeting was conducting business between  
 5 our then respective employers. I've  
 6 seen him many times particularly in the  
 7 last five years or so, mainly in social  
 8 contexts, such as ARIAS meetings and so  
 9 on. I know there were a number of  
 10 business dealings between my immediately  
 11 preceding employer, RiverStone Group,  
 12 and companies that Mr. Dielmann  
 13 represented but I was not directly  
 14 involved in any of those. Mr. Dielmann  
 15 and I have come close to working  
 16 together on panels but this is the first  
 17 time we have ever done so.

18 As far as Mr. Haber is concerned,  
 19 I met him first several years ago when  
 20 he was part of the faculty at an ARIAS  
 21 intensive training workshop and I was a  
 22 mere student. I have met him many  
 23 times, again, in social and ARIAS type  
 24 contexts and at industry conferences or  
 25 seminars since. Like Mr. Dielmann, I

1 Proceedings - February 22, 2006  
 2 where I live in New Hampshire. I did  
 3 not know that until this morning.  
 4 Mr. Higgins and I, I don't believe  
 5 we've had the pleasure of meeting, we  
 6 might have seen each other at ARIAS type  
 7 contexts, but I don't believe so.

8 Ms. Lacroix, I believe I've met  
 9 you somewhere in our careers in  
 10 reinsurance, I just don't recall where  
 11 but I know we have met sometime, forgive  
 12 me if your memory is better than mine.

13 As far as the parties are  
 14 concerned, when I was a litigation  
 15 manager at RiverStone I was involved in  
 16 what turned out to be quite a complex  
 17 dispute that did involve Security of  
 18 Hartford that I believe Mr. Haver was  
 19 directly involved in managing and, as I  
 20 say, I was involved in the litigation  
 21 side of that. We never did meet during  
 22 it although I think we probably read  
 23 each other's correspondence quite  
 24 extensively. It was a matter that did  
 25 settle eventually, I believe last year.

6

8

1 Proceedings - February 22, 2006  
 2 know Mr. Haber and I have come close to  
 3 working together on panels but this is  
 4 the first time we have done so.  
 5 Mr. Haber was a party-appointed  
 6 arbitrator a number of times, I don't  
 7 know how many, for companies that were  
 8 managed or associated with my former  
 9 employer, RiverStone, but I was never  
 10 involved in any of those.

11 As far as counsel is concerned,  
 12 I've met Mr. Lewin on many occasions, in  
 13 the last few years particularly. I  
 14 believe, again, he also has represented  
 15 some RiverStone or Fairfax associated  
 16 companies but not anything that I've  
 17 directly worked on.

18 Mr. Haver and I have not met prior  
 19 to this morning although we've known of  
 20 each other's existence for some years,  
 21 which I'll come back to in a moment.

22 I don't believe I've met any of  
 23 the other representatives heretofore of  
 24 Security although I did find out that  
 25 Mr. Lefebvre lives not 20 miles from

1 Proceedings - February 22, 2006  
 2 I was also involved at RiverStone  
 3 in trying to resolve some business  
 4 issues such as commutations and so on  
 5 with a company, my memory tells me it's  
 6 Connecticut Indemnity, an affiliate of  
 7 Security of Hartford, for yet another  
 8 affiliate of the Fairfax group.

9 As far as Commercial Risk is  
 10 concerned, either of the companies, I  
 11 have had no business relationship with  
 12 them.

13 Now, my memory may be slightly  
 14 incorrect here when I was putting  
 15 together these disclosures but I think  
 16 that when Commercial Risk first opened  
 17 its doors in Bermuda, it was in the same  
 18 building, ironically enough the  
 19 Continental Insurance building, that I  
 20 worked in for a former employer of mine  
 21 called Forum Re. And I did know well, I  
 22 can't recall whether he was then  
 23 president or at least a senior officer  
 24 in the company, a man called Graham  
 25 Pewter. Which leads me to add that I

9

11

1 Proceedings - February 22, 2006  
 2 don't know that this amounts to a  
 3 disclosure yet but as I read the briefs,  
 4 it did occur to me that if either or  
 5 both sides call witnesses that have a  
 6 Bermudian connection, such as  
 7 individuals from Commercial Risk, from  
 8 Legion Insurance Company, or from  
 9 H&H Park, the brokers involved here, I  
 10 may well know them personally because I  
 11 lived in Bermuda twice so I'm just  
 12 giving predisclosure of that were it to  
 13 come up.

14 I would add that during my over  
 15 35 years' career in the reinsurance  
 16 business, which included over 25 years  
 17 as a reinsurance underwriter, I know  
 18 that I was involved in business  
 19 relationships, I could not specify them  
 20 at all here, that would involve  
 21 virtually all of the companies here on a  
 22 reinsurance or ceded or assumed basis  
 23 other than Commercial Risk, I don't  
 24 think anything there.

25 Those are my disclosures.

1 Proceedings - February 22, 2006  
 2 the same two parties but different  
 3 transactions where he and I are both  
 4 party-appointed arbitrators, and the  
 5 counsel is the same, the only difference  
 6 is we don't have an umpire.

7 And that's my disclosures as to  
 8 the panel.

9 As to Security of Hartford and the  
 10 Royal & SunAlliance Group, let me  
 11 preface my disclosures by saying in my  
 12 former life I was general counsel to the  
 13 Continental Corporation, that means  
 14 every person in this room has either  
 15 sued me, been sued by me, engaged in  
 16 reinsurance transactions with us, both  
 17 as cedent and assuming company. I have  
 18 no recollection of any of that but if  
 19 someone wishes to remind me, I will  
 20 search my memory and disclose as much as  
 21 I can recollect.

22 I believe disclosure is an ongoing  
 23 obligation and I will endeavor to  
 24 disclose everything necessary to the  
 25 point of boredom for all of you up

10

12

1 Proceedings - February 22, 2006  
 2 Obviously I welcome any questions.  
 3 MR. LEWIN: We have no questions.  
 4 MR. HIGGINS: We have no  
 5 questions.

6 THE UMPIRE: Thank you.

7 MR. HABER: Thank you.

8 Again, I'm Martin Haber,  
 9 party-appointed arbitrator for Security  
 10 of Hartford in this matter.

11 First as to my colleagues, I will  
 12 reiterate exactly what Mr. Thirkill has  
 13 said about our relationship. I have  
 14 nothing really further to add to that.

15 Mr. Dielmann and I met, I guess  
 16 this is the second time of our  
 17 face-to-face meeting on his last trip  
 18 when this -- to America when this case  
 19 was first starting, he and I did met for  
 20 lunch and we had a very pleasant  
 21 discussion about how we would be working  
 22 together on this matter.

23 The only other disclosure I have  
 24 is, with regard to Mr. Dielmann, is  
 25 there is another case pending involving

1 Proceedings - February 22, 2006  
 2 through the final judgment or settlement  
 3 of this case.

4 With regard to Security of  
 5 Hartford, as I said, there are two other  
 6 cases -- there was one other case  
 7 pending, and in 1998, prior to the  
 8 purchase of Security of Hartford by the  
 9 Royal & Sun group, I think they had a  
 10 premium finance dispute in the State of  
 11 South Carolina and I was hired by the  
 12 Orion Capital Group, which was the prior  
 13 owner, as an expert witness regarding  
 14 premium financing. That case settled in  
 15 1998.

16 With regard to SCOR, there were  
 17 three matters, one of which is pending  
 18 but I am told is inches away from  
 19 settlement and there is a settlement  
 20 negotiation going on now between SCOR  
 21 and the other party. No counsel in this  
 22 room is involved and substantively there  
 23 are no issues that I know that are  
 24 similar.

25 The Royal cases were the other

13

15

1 Proceedings - February 22, 2006  
2 things, as I said, that I've disclosed.

3 With regard to D'Amato & Lynch,  
4 there were a total of three cases in  
5 which I was involved, other than this  
6 one. One is the other Royal case as  
7 mentioned previously. We had a case  
8 where I was appointed for a client  
9 opposite to D'Amato & Lynch's client  
10 that settled in February of 2001, and  
11 another case that went to judgment in  
12 February of 2004.

13 As to the Stroock law firm, there  
14 were nine matters in total where I was  
15 involved. Of the nine matters, with the  
16 exception of one where I was appointed  
17 by a client opposed to Stroock's client,  
18 I have been appointed by Stroock in, as  
19 I said, eight other matters.

20 Of the eight matters, two matters  
21 are pending and -- not counting the  
22 Royal cases. And I am told one of those  
23 two matters might be settling but,  
24 again, no one has told me anything more  
25 specific, and in the two matters that

5 MR. HABER: I'm sorry, you're  
6 absolutely right, let me amend.

7 There was another arbitration that  
8 did, in fact, go to judgment. My  
9 problem is because so many companies  
10 have so many subsidiaries it's very  
11 difficult to remember, but I thank  
12 Mr. Haver for reminding me. I was the  
13 umpire in a case that went to judgment  
14 three years ago, I'm going to say,  
15 involving a different affiliate and  
16 another company involving transactions  
17 in California that have nothing to do  
18 with this.

19 MR. HIGGINS: No questions.

20 MR. LEWIN: We have no questions.

21 THE UMPIRE: Let me supplement  
22 mine with two things that you jogged my  
23 memory on there.

24 One is the panel that you're  
25 talking about earlier on with

14

16

1 Proceedings - February 22, 2006  
2 are pending, we've not even appointed an  
3 umpire yet so I have no idea how that's  
4 going to go.

5 Four of the matters went to  
6 judgment and two others were settled.

7 And those are the sum total of my  
8 Stroock disclosures.

9 I am pleased to answer -- oh, yes,  
10 one other thing, Mr. Haver and I know  
11 each other probably north of 25 years.  
12 When he was employed solely by the Royal  
13 and when the Royal was here in New York,  
14 we were involved in various lobbying  
15 efforts, for want of a better term,  
16 involving the American Insurance  
17 Association.

18 And I believe those are the sum  
19 total of my disclosures and I'm pleased  
20 to answer any questions.

21 Mr. Lewin?

22 MR. LEWIN: No questions.

23 MR. HAVER: Just for the sake of  
24 this, my recollection is you served as  
25 an umpire involving The Fire and

1 Proceedings - February 22, 2006  
2 Mr. Dielmann, I believe that I filled up  
3 a questionnaire form or the same  
4 questionnaire form as was filled up for  
5 this one. I'm delighted to hear that an  
6 umpire hasn't been selected. Which also  
7 leads me -- as far that umpire  
8 questionnaire form, and I'm sorry I  
9 forgot to mention it earlier, but I  
10 believe and my hope is that I put on the  
11 original questionnaire form is that I am  
12 currently an umpire in a matter where  
13 Stroock & Stroock & Lavan's West  
14 Coast -- a West Coast office, so Jim  
15 Fitzgerald, I don't remember which  
16 particular office, is the counsel. I do  
17 not know who nominated me for that but I  
18 believe I put it on the questionnaire  
19 form, I just forgot it this morning.  
20 Sorry.

21 MR. DIELMANN: Compared to my  
22 esteemed co-panelists, I am just a blank  
23 sheet, so I can cut this short.

24 As far as the panel is concerned,  
25 you've heard what they said, there is

17

1 Proceedings - February 22, 2006  
 2 nothing to add other than to say who  
 3 doesn't know Marty has never been to an  
 4 ARIAS meeting.

5 As far as the parties are  
 6 concerned, I have no relationship  
 7 whatsoever other than, you know, this  
 8 particular arbitration.

9 As far as the legal counsel are  
 10 concerned, you know, it both comes back  
 11 to when I did my round I think four or  
 12 five years ago, I visited both  
 13 Mr. Higgins and some gentleman from  
 14 Stroock & Stroock. Somehow, I do not  
 15 know how they -- Mr. Higgins dug up my  
 16 name again, but there is a present that  
 17 I still have in my cupboard, a T-shirt  
 18 with Stroock & Stroock on it, but the  
 19 color doesn't suit me so well so I  
 20 haven't put it on yet.

21 So this is all I have to say.

22 MR. HIGGINS: We have baseball  
 23 hats.

24 MR. LEWIN: What color?

25 MR. DIELMANN: It was black.

19

1 Proceedings - February 22, 2006

2 MR. HIGGINS: I just have a couple  
 3 questions on the confidentiality.

4 THE UMPIRE: Okay, why don't you  
 5 do the hold harmless and then we'll do  
 6 the confidentiality.

7 MR. LEWIN: Fair enough.

8 THE UMPIRE: Did you want to go  
 9 ahead with comments on the  
 10 confidentiality?

11 MR. HIGGINS: We did discuss, I  
 12 did discuss with an associate from  
 13 Stroock, who is not here today, the  
 14 one -- the change that they indicated  
 15 they wanted which was disclosure  
 16 essentially only on a judgment -- I'm  
 17 sorry, on a court order which would  
 18 require it, disclosure. And some other  
 19 provisions in the original agreement.  
 20 We don't have a problem with that.

21 We'd like to make sure that to the  
 22 necessary extent reinsurers can be made  
 23 aware of this arbitration if we need to  
 24 give reinsurers information, you know,  
 25 in the ordinary course of business that

18

1 Proceedings - February 22, 2006

2 THE UMPIRE: The umpire refuses to  
 3 wear a black hat.

4 MR. LEWIN: We have no questions.

5 THE UMPIRE: Any questions of  
 6 Mr. Dielmann?

7 MR. HIGGINS: No questions.

8 THE UMPIRE: So can I take it that  
 9 the parties accept the panel as  
 10 constituted?

11 MR. LEWIN: Yes.

12 THE UMPIRE: And has -- thank you.

13 Has either of you prepared hold  
 14 harmless forms, the customary ARIAS  
 15 type?

16 MR. LEWIN: Yes. Would you like  
 17 to sign them?

18 THE UMPIRE: We'd be very  
 19 grateful.

20 MR. LEWIN: Do you want us to take  
 21 a moment to sign this and the  
 22 confidentiality, should we do this at  
 23 the same time or is that acceptable?

24 THE UMPIRE: If that's okay with  
 25 you?

20

1 Proceedings - February 22, 2006

2 provides for auditors.

3 Does anyone have a problem with  
 4 that?

5 MS. JACOBSON: Actually, it's the  
 6 typical ARIAS form which provides that  
 7 you may disclose to retrocessionaires.

8 MR. HIGGINS: Where is that?

9 MS. JACOBSON: Let me give you a  
 10 copy, John.

11 MR. HABER: Michelle, out loud for  
 12 the record.

13 MS. JACOBSON: 3(a) says,  
 14 "Disclosure of arbitration information  
 15 may be made: (a) to the extent necessary  
 16 to obtain compliance with any interim  
 17 decisions or the final award herein, or  
 18 to secure payment from  
 19 retrocessionaires." So the form would  
 20 provide for that.

21 MR. HIGGINS: Okay.

22 The other question I had, the form  
 23 talks about disclosures pursuant to  
 24 subparagraphs (a) and (c), it seems to  
 25 me to be a bit onerous or complicated

**STIPULATION**

WHEREAS, David Thirkill, Martin Haber and Theodor Dielmann have been appointed to serve as members of the Arbitration Panel ("Panel") in the above-captioned arbitration; and

WHEREAS, an organizational meeting was held on March 28, 2006, in the offices of Stroock & Stroock & Lavan, LLP at 180 Maiden Lane, New York, New York, 10038, at which counsel for both parties and all members of the Panel were present; and

WHEREAS, the Panel members have in good faith and to the best of their recollection disclosed any interest in the outcome of these proceedings, and any business and social relationships which they have or have had among themselves and/or with parties, counsel, and as applicable, others; and

WHEREAS, based on those disclosures, the parties have unanimously found that no Panel member has any conflict of interest that would make him or her unfit to serve in this Arbitration; and

WHEREAS, based on those disclosures, the parties accept this Panel as being without conflicts of interest and duly constituted to hear the matter(s) under dispute in this Arbitration.

NOW, THEREFORE, the parties agree as follows:

(1) Each party agrees that it shall not assert any claim, file any suit, or initiate any action against the Panel or any member thereof in connection with their rendering of services as arbitrator and/or umpire in this Arbitration proceeding (including, but not limited to, any claim, suit or

action relating to any alleged conflict, bias or lack of disinterestedness); and

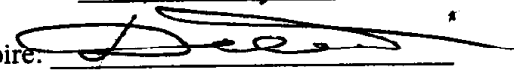

(2) Both parties further agree jointly and severally, to protect, defend, indemnify and hold harmless any and all members of the Panel against any and all expenses, costs and fees of any kind incurred by the members of the Panel, and the payment of their reasonable hourly fees, in connection with any claim, action or lawsuit arising or resulting from or out of this Arbitration.

Nothing in this Stipulation, however, shall abridge any rights the Petitioner and Respondent may have with respect to each other to seek to vacate or modify any Order, Ruling or Award which the Panel may render except in regard to any conflicts of interest which have been fully disclosed to the parties. This Stipulation is non-cancelable and of unlimited duration.

**Subject:** DIG and Non-DIG Arbitrations

Members of the Panel:

The parties in the above-referenced arbitrations have conferred, and have agreed to move the DIG Hearing to the weak previously set aside for Non DIG (March 5-9). In addition, Claimant has advised counsel for Commercial Risk that we are also available during the previous week from Tuesday, February 27 through Friday, March 2, and counsel for Commercial Risk has agreed to check his client's availability for those dates and let us know promptly. If those days are acceptable to Commercial Risk and to the Panel, then Claimant will agree to conduct the Non-DIG hearing and the DIG hearing together during those two weeks. If those dates are unacceptable, however, we will conduct only the DIG hearing during March 5-9, and will have to schedule additional dates at some point in the future for the Non-DIG hearing. If this is unacceptable to the Panel, please let us know.

Respectfully submitted,

Subject: Non-DIG Postponed Hearing

Dear Counsel,

The Panel has conferred regarding possible dates for the postponed non-DIG hearing. As suspected, there are not too many available dates.

The week that would suit us all the best would be the week of June 25th. We could also possibly do the week of April 9. Please advise our availability.

Thanks and Happy New Year
